

FAIZ Bin Zohri

Landscape Architect

faizzohri@gmail.com +65 8754 7095 [LinkedIn](#) [Instagram](#) [Project Portfolio](#)

I am an all-round landscape architect and horticulturist, with over 10 years of design and execution of nature-driven and water-sensitive development projects. I am driven in creating responsible and regenerative human environments that are imaginative, and in-tune and interconnected with nature's processes.

EXPERIENCE

Stable Unstable Independent Landscape Architect 2019 – 2025 Singapore / Malaysia

Independent design/art practice intuitively exploring landscapes, material culture, circular systems, agriculture and ecology. Range of works includes strategic guidelines, masterplans, build projects, public installations, research, workshops, lectures and community involvement.

Henning Larsen Senior Associate & Team Lead 2014 – 2024 Singapore

Design development, drawing reviews, construction execution and project management of nature-positive and water-sensitive multi-disciplinary projects. Project Manager roles for execution (design quality, stakeholders' engagements, technical and contractual administration) of studio's high-profile projects. Team Lead responsibilities includes guiding the studio's development in technical and construction execution, cross-projects knowledge exchange, and creating a curious "learning-by-doing" studio culture.
